RE: McDonnell Douglas Hazardous Waste Permit Application  
EPA ID Number: MOD000818963  
McDonnell Douglas-St. Louis, Tract I Facility

Dear Mr. Haake:

The purpose of this letter is to inform you that the Missouri Department of Natural Resources (MDNR) has deemed the hazardous waste permit application for McDonnell Douglas-St. Louis complete for purposes of public participation. A copy of the complete application has been sent to the Prairie Commons Branch of the St. Louis County Library. Adjacent landowners have been informed of the receipt of your application via letter, and a legal notice announcing the receipt is enclosed and has been issued. All of these public participation efforts are required by Missouri Hazardous Waste Management Regulations, 10 CSR 25-8.010(1)(B)4.

If there are any questions regarding this letter, please contact Mr. Brian McCurren, Environmental Engineer, at (314) 751-3176.

Sincerely,

HAZARDOUS WASTE PROGRAM

Ed Sadler  
Director

RECYCLED PAPER

## DNR HAS BEGUN A TECHNICAL REVIEW FOR MCDONNELL DOUGLAS

The Missouri Department of Natural Resources (DNR) has begun a technical review of a hazardous waste permit application submitted by McDonnell Douglas Corporation located at McDonnell and Lindbergh Blvd., St. Louis Missouri.

McDonnell Douglas manufactures high technology aerospace products including military fighter aircraft, space systems, and missiles. Hazardous wastes generated at this facility are those generally associated with the fabrication of aluminum, titanium, composite structures, and other materials used in the manufacture of airframes. The wastes generated on site are stored in two hazardous waste storage containment areas with a combined capacity of 26,180 gallons.

Copies of the permit application are available for public review at the following locations:

Prairie Commons Branch  
St. Louis County Library  
915 Utz Lane  
Hazelwood, MO 63145  
Hours:

Missouri Department of Natural Resources  
St. Louis Regional Office  
10805 Sunset Office Drive, Suite 100  
St. Louis, MO  
Hours: 8:00 a.m. to 4:30 p.m., Monday through Friday

The Public is encouraged to review and comment on McDonnell Douglas's permit application. Written comments should be sent to Brian McCurren, Missouri Department of Natural Resources, Hazardous Waste Program, P.O. Box 176, Jefferson City, MO 65102. For more information call David Allison at (314) 751-3176.

RE: McDonnell Douglas Hazardous Waste Permit Application

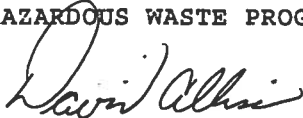

Enclosed are copies of the hazardous waste permit application, the Missouri hazardous waste laws and regulations, and the legal notice for the above-referenced facility.

The Missouri Department of Natural Resources is requesting that these materials be made available for public viewing at the Prairie Commons Branch of the St. Louis County Library. Public notice is being given via a legal notice published in the St. Louis Post-Dispatch stating that these documents are available for public viewing at the Prairie Commons Branch. We will continue to keep the library up-to-date by distributing revisions to the application as they are produced. Please allow the public to review the information, make copies, etc.; however, this information should not be allowed to be checked out of the library. Please retain these documents until further notice from this department.

Thank you for your cooperation in this matter. If you have any questions, please contact me at (314) 751-3176.

Sincerely,

HAZARDOUS WASTE PROGRAM

**RE: McDonnell Douglas-St. Louis  
RCRA Part B Hazardous Waste Permit Application**

**Dear Landowner:**

The purpose of this letter is to inform you that the Missouri Department of Natural Resources (MDNR) has received a hazardous waste permit application from McDonnell Douglas located at McDonnell and Lindbergh Blvd., St. Louis. The application is for the storage of hazardous waste which is generated on site.

Enclosed you will find a news release briefly describing the application and review process. A copy of the application has been sent to the Prairie Commons Branch Public Library and made available for public review and comment.

If you have any questions or comments, please contact Mr. Brian McCurren, of the Hazardous Waste Program, at the above address or at (314) 751-3176.

Sincerely,

**HAZARDOUS WASTE PROGRAM**
